

Broads *only*

THE MUSEUM of Contemporary Art was an ideal venue for this “broad’s only” event honoring a famous Boulder contemporary artist. Welcoming the ladies with specialty cocktails and passed appetizers, the caterer then introduced guests to tattoo artists and displayed art from the honoree artist. The group gathered together for an impromptu photo. Moving up to the second level, guests were presented scarves designed by the artist. The spring garden menu included a chilled pea and spinach soup with a pecorino crisp and a foraged mushroom tasting second course. The ladies moved up to third level for champagne and sweets.
